

The Orthodox Christian Youth Movement of our church is named FOCUS and it is the community of young people of our parish. The aim of this group is to bring our youth closer and deeper in relationship with the Holy Trinity through a better understanding of Scripture, Orthodox Theology and the Sacramental life of the Church. The membership of this group is for church members in their mid-twenties to the mid-forties. FOCUS is aimed at reaching out to couples in the church.

Please contact Focus group Vice-President or Secretary or for further information or admission.
